

REMARKS

In an Advisory Action dated August 15, 2005, the Examiner rejects claims 1, 3-7, 11-17 and 20 (all pending claims). In response the Advisory Action, Applicants cancel claims 1, 3-7, 11-17, 20 and 30 (all pending claims) and add claims 31-53. Claims 31-53 are now all of the claims pending in this application. In light of the amendments and the following arguments, Applicants respectfully request that all pending claims and this application be allowed.

Applicants have canceled all claims that may or may not include subject matter not disclosed in the specification. Applicants have added new claims which clearly recite the invention as described on pages 6-9 of the specification. No new matter is introduced in the newly added claims. For this reason, Applicants respectfully request all rejections be removed.

If the Examiner has any questions regarding this application, the Examiner may telephone the undersigned at 775-586-9500.

Respectfully submitted,
